

## **Output**

### **Status of the energy audit - Paul.**

Curtains/blinds in class room – volunteer?  
plastic sheet?  
Water cooler? Does it have lead? Can the chiller be off overnight?  
Ron will look into what is feasible.  
Sanctuary attic vents are now blocked. Kirk and Paul are investigating insulation

### **Status of the January series - Marty, Grady, Edith, Gary**

What are they?  
Marty – personal changes  
Marty's will be 4 weeks starting on the 13th.  
She will do a mission moment on the 13th too.  
Grady, Edith, Gary - Lenten series. Science, policy and action.  
Probably during the week.  
Poll potential attendees for best time  
Syllabus not ready  
NCIPL Carbon Fast as an offering – This will be lent, and will try to tie the other two series together.  
May also include  
Personal energy tracking  
Share "Kill-A-Watt" meters.  
Paul will follow up on public transportation session from ESP.  
This may happen later.  
How do we advertise them?  
Email people who voted for particular events  
Use the vote and attendance lists for Education sampler potluck  
Marty for her session  
Mission moment Jan 13 – to advertise both.  
Jan news letter – Gary to prepare, if we can have something in time  
Personal phone calls to people at the sessions  
Geri will contact and help Marty.  
Not clear who make calls for other series

**We ended here.**

**Next meeting Jan 6 after church to finalize Ed sessions and carry on with other items missed on Dec**
