

Arts in Worship 2008 Annual Report

The Committee focused on three areas this year:

Creativity Sunday in the Spring was a major undertaking. There was special music during the worship hour and a large assortment of display pieces created by members and shown in the Vaughan Fellowship Hall following worship. Even the refreshments were creative!

The Art Wall continued to display artists' work for the enjoyment of the congregation. Thanks to all who participated by allowing their work to be hung.

Different Special Music during worship was suggested to the staff, and we were gratified by the response. Doug Barrick and Anne Moorman Smith continue to be a blessing to CUCC.

The committee was enriched by two teenage participants, Abby Smith and Anna Roach-Howell, who brought enthusiasm and new ideas to our brain-storming sessions. Thanks to all who contributed to making the arts an important part of our worship experience.
